

News for 07/25/06

Great News again,

The dAM 4777 has been serving many customers well. For example Alan Johnson and the Pine Line team claimed the 2005 Dirt Series champion in the 358 Dirt Modified division (see reprinted News below). dAM is always improving carburetor performance and reliability. Just this month Gus Schmidt took his recently "updated" 4777 out for its first night at the Utica/Rome Speedway and won the event. Great job Gus!! If you have a 4777 we recommend sending it in for a freshening and updating now and beat the rush!

dAM News 01/17/06: Pine Line - 358 Dirt Modified Champs

Great news continues to come in!

Pine Line Auto Sales race team's driver Alan Johnson finished their third successful season running their dAMBEST carb as this year's Dirt Series champion in the 358 Dirt Modified division. They were so grateful for their performance that they wanted everyone to share their enthusiasm for our products by installing decals while the car was at this past weekend's "Motorsports 2006" trade show in Ft. Washington, PA.

In other news, a new class at Bridgeport, NJ, using the new #2 GM crate engine, has an open carb rule which allows installation of dAMBEST's extremely aggressive billet series of carburetor for the ultimate combination. So, if you have a crate series engine class at your local track, see if you too can run the dAMBEST series and become a winner.

John
