

## News for 11/20/07 *dAMBEST Wet Flow 2000*

---

Hi again,

We have just put together a brochure for our new wet flow bench. This is truly a fabulous tool!

John

---

### *dAMBEST Wet Flow 2000 Test Bench*

The *dAMBEST* wet flow bench is the "state of the art". Our bench is a must have piece of equipment for engine builders, carburetor modifiers, race teams and educational institutions.

The *dAMBEST* Wet Flow 2000 enables one to simulate as run conditions with carburetors as well as cylinder heads. This saves untold amounts of time and money on the dyno and at the race.

The Wet Flow 2000 consists of

- A custom cabinet
- Computerized Controller
- High horsepower three phase electric blower
- Simulated fuel system
- Vacuum manometer
- Fuel manometers
- Power Valve vacuum source
- Fuel pressure and vacuum gauges
- Training at *dAMBEST* headquarters

Options

- Training at customer's location
- Data Acquisition
- Custom computer referenced transducers

Price

- \$27500.00 FOB Poughkeepsie NY

PS: If anybody has a copy of my 1992 Superflow Presentation on VHS, please contact me.
